DETAILED ACTION

Response to Amendment

Applicant's amendment has not been entered because it would raise the new issue of a plurality of spray nozzles respectively located right above apexes of the protrusions without requiring the nozzles being located above their corresponding apexes. This limitation was absent from currently pending claims, and therefore would require further search and consideration.

Response to Arguments

All arguments presented by the attorney have been considered, but are rendered moot, as they pertain to amendments that have not been entered.
